### YDP Spring/Summer 2020 Details

#### **TEAM ENVIRONMENT:**

The transition into YDP (Youth Development Program) has quickly exceeded expectations during the first 6 months. We are excited to see the player development continue into a team environment for Spring/Summer 2020. Staying in line with our YDP Philosophy, our goal is to have teams of equal talent level, instead of tiered teams. Notes from previous programming and EPSC participant history will be used when forming team rosters. Players new to EPSC will randomly be put on teams within their age group.
